INTEGRATION INSIGHTS FOR STUDENTS

A weekly series on all things integration

THANK YOU STUDENTS!

Integration is about student success and opportunities and we're grateful for your role in shaping the integration plan thus far.

- The integration planning process has been a highly collaborative and consultative process involving more than 500 faculty, staff, and students across three universities.
- Your voice and perspective is incredibly valuable as we work to shape higher education to benefit you and future students. Please stay engaged and involved with the process as we move forward.

WHAT'S NEXT?

View the plan and share your thoughts on integration.

- At its April 28 meeting, the PASSHE Board of Governors approved launching the 60-day public comment period on the integration implementation plan.
- You can view the plan here: www.passhe.edu/integrations
- Learn how to make an official [public comment here](#).

STAY TUNED FOR NEXT WEEK'S INTEGRATION INSIGHTS.

You can expect to receive Integration Insights each week through the end of May. In June, you will receive the newsletter bi-weekly.
